

U.S. 20/26 Corridor Preservation Study Meeting Comment Sheet

May 10-11, 2006

Thank you for attending today's meeting. Your input is important to this study.

- 1. Do you have any issues and/or concerns that you would like considered when designing the U.S. 20/26 corridor between Eagle Road and I-84 in Caldwell? (Ex: safety, congestion, property acquisition, historic structures, cultural resources, etc.)**

- 2. What access type do you think best serves the future needs of the corridor and why? (Ex: signals every 1/2 mile, signals every mile, expressway, frontage or backage roads, etc.)**

- 3. What roadway features do you think best serve the future needs of the corridor and why? (Ex: medians, landscaping, pedestrian and bike paths, etc.)**

- 4. What experience would you like to have as you travel the corridor? (Ex: safety, speed limit, travel time, transit ready, etc.)**

More on back

5. Please provide comments on the preliminary Purpose and Need Statement and Objectives (below):

- *Purpose – To protect U.S. 20/26 as a regional transportation corridor between I-84 and Eagle Road.*
- *Need – To provide a safe, high-volume roadway in a rapidly growing region*
- *Objectives:*
 - *Provide a minimum average speed of 45 miles per hour during peak period*
 - *Manage access to improve safety and function*
 - *Assess the needs of pedestrians, cyclists, and transit users*
 - *Avoid or minimize impacts to state and federally protected resources (i.e. wetlands, historical resources, etc.)*

6. Communities in Motion, COMPASS' Regional Long-Range Transportation Plan, has envisioned U.S. 20/26 as an expressway with interchanges every mile. Do you think the corridor should be preserved for this vision?

7. What information would you like to see presented at future meetings?

Name:

Relationship to corridor (*resident, motorist, developer, business, other*):

Address, City, State, ZIP:

Email:

**Please leave this comment sheet at the sign-in table or mail to:
COMPASS, 800 S. Industry Way, Suite 100, Meridian, Idaho 83642 or fax it to 855-2559
All comment sheets must be returned by May 19, 2006.**
