DOVER BRIDGE REPLACEMENT PROJECT UPDATE

Project # NH-BR-5121(031)

Date of Report: June 14th, 2010
Period Covered: June 13-19th

Over the next week, you can expect the following work undertaken by both the contractor and subcontractor:

- Form and pour footings on Abutment 2
 - Work on bearing pads on pier caps
 - Form Pier 6 Cap; Place rebar and pour Cap at Pier 6
 - Embankment on the east end
 - Fill around footings with embankment at Pier 6
 - Soil stabilization as needed.
-
- DRILLING AND BLASTING AT ROCK CUT is ONGOING EACH WEEK . THE NEXT SCHEDULED BLASTS ARE TUESDAY, JUNE 15 at 10am and 2:00pm. EXPECT MINOR TRAFFIC DELAYS DURING THIS ACTIVITY. WE WILL CONTINUE TO ADVISE OF SPECIFIC BLASTING DATES AND TIMES THROUGH 511 SYSTEM AS WELL AS LOCAL DISPATCH.

The contractor hosts community coordination meetings on the 1st and 3rd Wednesdays of each month at Dover City Hall. The next meeting is set for

Wednesday, June 16th
10:00am
Dover City Hall
