**DOVER BRIDGE REPLACEMENT PROJECT UPDATE**

**Project # NH-BR-5121(031)**

Date of Report: August 29, 2011

**Traffic Alert and Update**

DeAtley is planning to detour traffic at the West end of the project beginning sometime Monday morning. Traffic will run on a surface of  $\frac{3}{4}$ " rock base, stabilized with mag chloride while the old highway is removed, subexcavated and backfilled. Work should be done by Thursday, and then Interstate will come in on Friday morning to put down temporary paving. Traffic should be back on pavement about noon on Friday.
